

Physiotherapist (Grade 1 or 2) Full time/Part time/Casual positions

Brunswick Private Hospital is a 124-bed rehabilitation and general medical facility with extensive outpatient and community based services. Conveniently located in Melbourne's inner-north suburb of Brunswick, we provide specialist care for patients with medical, rehabilitation and mental healthcare needs.

At Brunswick Private Hospital our teams of professionals are committed to providing comprehensive medical and rehabilitation services that are designed to restore independence following surgery, illness or injury.

Opportunities exist for dedicated Physiotherapists to join our multidisciplinary team on a full time, part time or casual basis. We offer a number of flexible shift options (including shorter days and/or school hours) and welcome newly graduated professionals.

The clinical casemix includes rehab in orthopaedic, multi-trauma, pain management, cardiac, neurological conditions and oncology in both inpatient and outpatient departments. This is a great opportunity to develop your skills in a variety of clinical conditions, whilst being well supported by senior staff and educational programs.
